

2010 Fall Ethanol Summit

UNLOCKING THE POTENTIAL OF ETHANOL

**A Collaborative to
Advance the Development of Optimized Ethanol Engines**

ETHANOL SUMMIT FEEDBACK

The 2010 Fall Ethanol Summit sponsored by Sturman Industries on October 26 and 27 in Woodland Park, Colorado was an invitation-only event that attracted participants from just about every facet of the ethanol industry: farmers, ethanol producers, government agencies, academia, engine and component manufacturers and designers, agricultural equipment manufacturers to name a few . . . Following are a few overall Impressions of the Summit:

" . . . educational and great networking"

" . . . Very informative; liked the mix of presented material . . ."

"I thought it was a great success. It was a productive meeting of a good group of people from varying backgrounds and roles in the industry."

" . . . good brainstorming sessions"

"I liked the small feel and comfortable atmosphere of the event. I felt that I was able to share my ideas openly and get to know a lot of people."

"This was a great!"
